

Government

Supplemental Activities Common Core Aligned

Mini Student book on Checks and balances, Three branches of Government Fold-ables, Flip-ables and Slide-ables for projects and interactive notebooks.

Government Activities Common Core Aligned

The following activities can be used with 4th – 8th grades to accompany your lessons about the US Government. There are a multitude of YouTube videos, PowerPoints, and internet sites that do a fabulous job of teaching and reviewing the foundation, checks and balances, and responsibilities of our Government. The following activities are meant to supplement and enhance your social studies curriculum with vocabulary cards, flip charts, research forms, note pages for teachers, interactive slide-ables, Executive, Judicial, and Legislative foldables with keys and a mini-book for checks and balances.

In this Government Unit

1. Foldable for Government terms
2. Four Term Cards with notes on the back
3. Vocabulary flip-able for Interactive notes or foldable.
4. Blank research tabs on congress that cut and staple into a flip chart for the congress page or interactive notebook.
5. Notes on Congress you can use as an answer key or simply for a student foldable or interactive notebook.
6. How a bill become a law interactive slide-able chart.
7. Executive Branch Foldable
8. Executive Branch Notes Foldable
9. Judicial Branch Foldable
10. Judicial Branch Notes Foldable
11. Understanding our government's Checks and balances mini book. Review of content vocabulary and skill. Cloze style.

Understand the similarities and differences among local, state, and national government in the United States and explain their legislative, executive, and judicial functions.

How a bill

becomes a
law

Students can use this interactive slide-able to review how a bill becomes a law or quiz a friend. To quiz a classmate they simply read each step skipping the words that are underlined. They then check each other if they know the content vocabulary of each step. Have fun learning!

In congress a member
of the House or Senate
1 introduces a bill.

The committees in the
House and Senate
review and approve
2 the bill.

Both the Senate and
the House vote to
3 approve the bill.

The bill then goes to
the President where
he/she can sign the bill
4 or veto (reject) it.

If the President signs
the bill it becomes a
law.
5

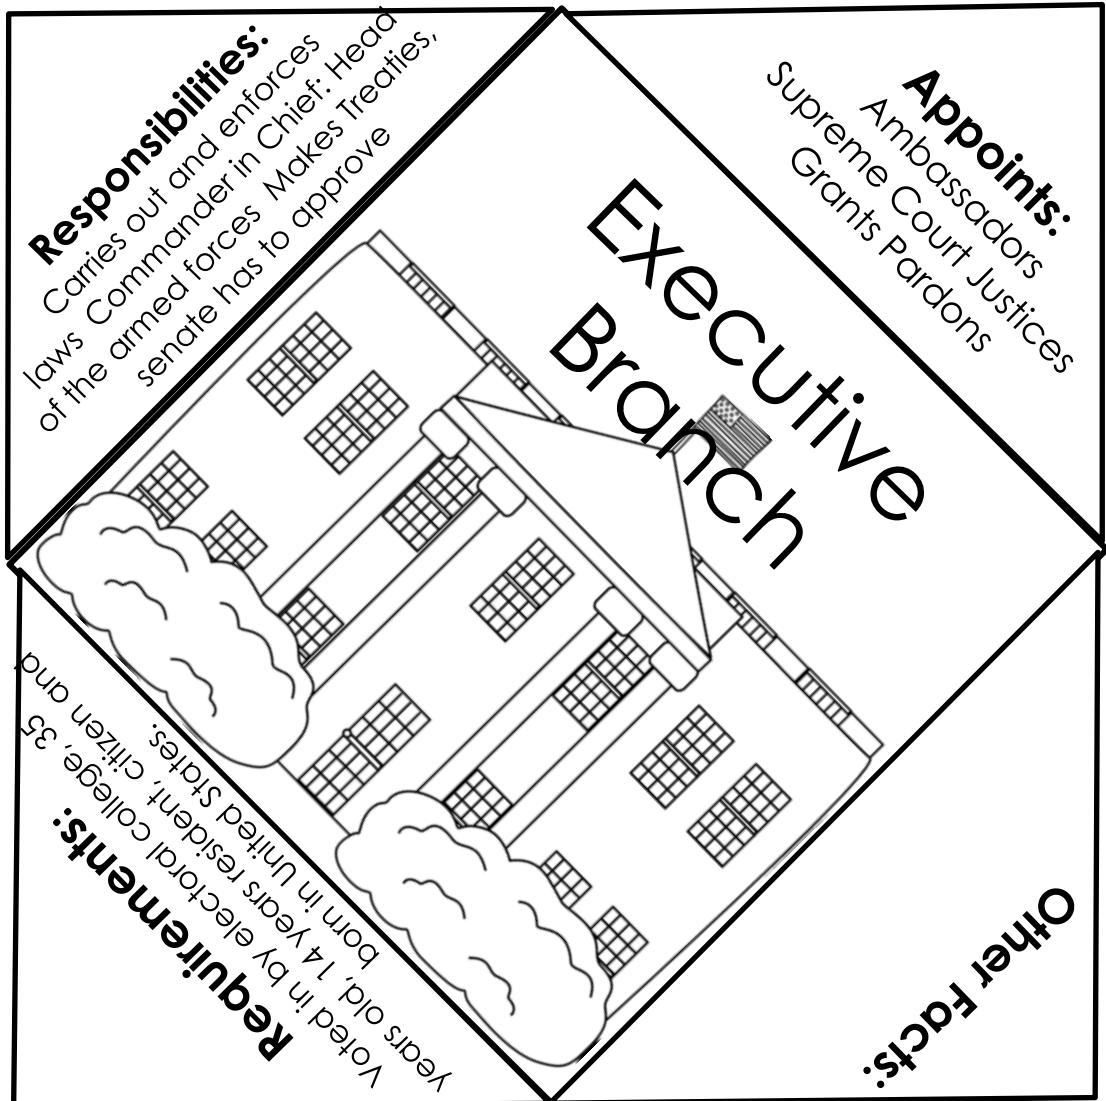

If the President vetoes the
bill, it can still become a law
with 2/3 votes from the
6 House and Senate.
